# THE SQUARE

## 80x80 cm

The Square is certainly the most sophisticated range of tiles from Eternity. Unique in size and style, The Square does an impeccable job of dressing up your interiors with refinement and great aesthetics.

The Square now turns even more sophisticated with new finishes, including the **Marbletech**, **Crackling** and **Carving** - first of its kind in size 80 cm x 80 cm. The signature finishes of Eternity and the distinctive dimension of The Square will combine to weave magic, so that you create living spaces of your dreams.

### MARBLETECH

A special glaze, an elaborate polishing process and a precise reflective index make Marbletech a thing closest to natural marble.

### CRACKLING

Crackling carries the naturally occurring cracks of marble and is coated with a special glaze, making the finish look and feel like authentic marble.

### CARVING

Crafted with advanced technology, the Carving finish carries grains and crevices that can only be found in natural marble and wood.

### POLISHED

A thick coat of glaze enhances image sharpness and brings waviness down to negligible, giving you a perfect sheen with the Polished finish.

### PREMIUM POLISHED

A spectacular mirror-like effect, along with a rich and true colour experience, makes Premium Polish the high definition tiles of the range.
