CLICK N LOCK® TILES

Click N Lock® Tiles are a revolution in flooring, thanks to its innovative Wel-Lock™ Technology. It enables the tiles to be laid with minimal effort and expertise in less than a day*. Aesthetically appealing in both wood and stone finish, they are highly durable.

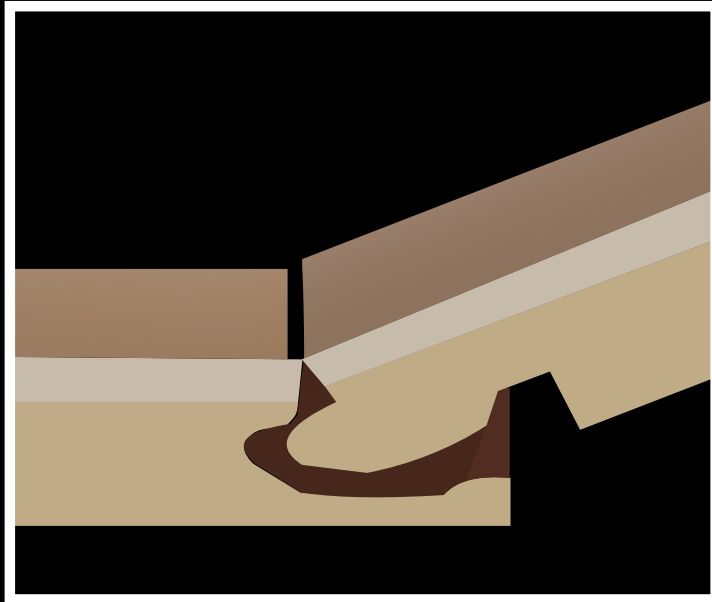

The main content in our Click N Lock® Tiles is its Stone Polymer Composite (SPC) core. This composition of stone infused with polymer molecules, act as a binding agent, giving us best in class strength and makes the tiles waterproof and UV resistant. These tiles are also thin and light without compromising on strength and durability of the locking mechanism.

Also, every one of our Click N Lock® Tiles products have recyclable content which makes them sustainable.

EDEN:

Introducing the modern touch. It is true that when it comes to designs, contemporary looks are hard to ignore. And the same holds for Eden Collection. These fine tiles, speak for themselves with their distinct finishes. If you want the elegance of traditional wood with its rich and natural textures, then the wooden finish of Eden Collection should be your choice. These carefully crafted designs come with a wide range of wooden finishes from dark to light shades to satisfy all your exquisite needs. And if you want to bask in the sophistication of the modern designs, then the stone finish from Eden Collection is what you need. These tiles are greatly inspired by modern stone and marble-like the Statuario, the Botticino, and many more. With the Eden Collection, these designs have been reimaged to a whole new level.

BLISS:

There is a reason why classic wood and stone finishes have never gone out of fashion. It's because they are so elegant and pleasing to the eye. If you have a taste for such an exquisite style, our Bliss Collection has you covered. Experience the beauty of real stone under your feet with our stone collection and the rewards of wood, without its flaws in our wood collection. These tiles are also scratchproof and stainproof, so your everyday scratch and spills are more than welcome now.

Trademarks & Technologies

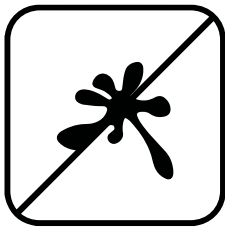

FloorNdure™

Welspun Flooring’s Click N Lock® Tiles with FloorNdure™ technology come with solid durability that lasts for long periods of time. Tiles that are meant to really go the distance, FloorNdure™ ensures tiles don’t break or buckle raising the bar when it comes to everlasting durability. And why not? After all, flooring is where the foundation of a home is.

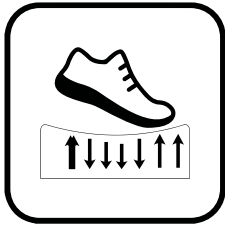

ScrapeGuard™

Floors in our homes, go through several everyday scratches and scrapes ScrapeGuard™ technology uses a layer with UV coating on our Click N Lock® Tiles, that offers protection to the design underneath from scuffs and scratches meanwhile retaining the look and longevity of the tile. So, you can say goodbye to the everyday scratches and scrapes.

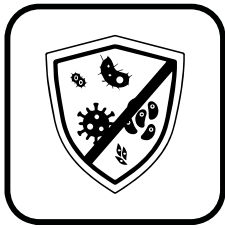

StainProtect™

Stains and spills are unavoidable on the floors of our homes and some stains can leave behind a permanent mark. But with StainProtect™ technology on our Click N Lock® Tiles, you will leave a lasting impression but not marks. StainProtect™ layer is specially designed to offer superior stain resistance, to keep your floor always clean and sparkling. Now, go and make that splash!

CushionBacking™

Quiet homes add to our mental comfort & tranquility. CushionBacking™, a superior backing technology ensures that with our Click N Lock® Tiles, you experience quieter floors. The superior backing applied under the tiles provide acoustic absorption, reducing the feet tapping and providing sound insulation. Talk about Zen flooring!

HealthyFloor™

Health of our loved ones come first. That is why it is very important that we keep our homes clean and germfree. To fight against these invisible forces of nature, Welspun Flooring’s Click N Lock® Tiles come with the innovative HealthyFloor™ technology, which restricts the growth of harmful germs or molds on the floor. Healthy homes, begin with healthy floors.
